About the Event

On September 27, 2019, the 7th Annual Night of Light Celebration will bring together more than 600 members of the Twin Cities community, including many corporate and community leaders, to “shine a light” on the hope and promise of our futures: our children.

The Aim Higher Foundation’s Night of Light is the metro area’s premier fundraising event providing direct support to low-income and working-class children whose families seek for them the life-changing benefits of a Catholic education. It is the only event in the area that benefits children at all 83 Catholic schools serving grades K-8 in the Archdiocese of St. Paul and Minneapolis.
